

Cambridge 2020

We are delighted to announce the next International Conference on Calcium Aluminates

1st to 3rd of June 2020

5th International Conference on Calcium Aluminates

All details will appear soon on the dedicated website:

www.cacements.com

This will be the fifth in a series of meetings dedicated to the science of this widely used special cement. The meeting will deal with various aspects of this topic covering recent developments, emerging technologies and environmental impact related to the following themes:

- ❖ Manufacture
- ❖ Mineralogy of CAC
- ❖ Microstructure and Hydration Studies
- ❖ Fresh Properties
- ❖ Mechanical Properties
- ❖ Admixtures
- ❖ Durability
- ❖ Blended Systems
- ❖ Applications
- ❖ Future Trends

Authors are encouraged to contact us as soon as possible with likely titles. As previously a book of Proceedings will be prepared with the papers presented.

The deadlines for abstracts and manuscripts will be given on the website.

CONFERENCE SUPPORTERS

To register your interest or ask questions about this meeting please contact, charlesfentiman@aol.com or +44 (0)1403 732186

The Venue

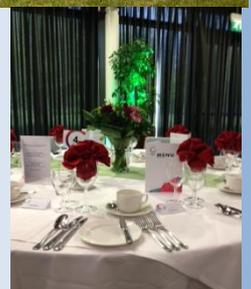

The Wellcome Genome Campus Conference Centre was purpose-built within, and adjacent to, a heritage Grade II listed country house, Hinxtton Hall. Set in over 100 acres of parkland on the banks of the River Cam it has been an integral part of the campus for the last 17 years.

The Conference Centre has recently undergone a major refurbishment programme to both improve the facilities and provide a more consistent capacity across all areas resulting in a superb conference facility set in beautiful countryside. With high quality accommodation on site we will be offering a residential option as well as delegates being able to take advantage of a good selection of hotels in Cambridge town centre. Shuttle busses will be arranged for delegates to travel to and from the town centre in the mornings and evenings.

Social Program

An important aspect of the previous conferences on CAC's has been a social program that provides plenty of informal time for delegates to be able to get to know each other and to enjoy the local area and this will be the same in Cambridge. A gala dinner held in the City, and also for accompanying persons, as well as for delegates wanting to take time out, there will be daily tours available to nearby places of interest.

If you have any questions related to this meeting or to register your interest please contact:
