

BOOKING ACCOMODATION AT HINXTON HALL

Owing to the postponements of the conference due to COVID19, those delegates that have already booked rooms will have the booking fee returned, with instructions for making a new booking for the period 25-28th July 2021. We will update this page soon.

We recommend delegates to book accommodation at the conference centre itself, which is set in beautiful parklands surroundings. Hinxton Hall offers high class accommodation and free car parking and it is within short walking distance from the conference hall.

We have arranged that rooms are made available for delegates to book directly with the Conference centre and booking information follows.

We have up to 130 rooms available for booking at a promotional price of £102 per night on a bed and breakfast basis.

To make a booking open the link, and enter the promotional code where shown. The code applies to the period from the night of 31 May to 3 June, but if you want to stay longer that will be possible by contacting the conference reception direct on +44 (0)1223 495000.

Various room types are available and you can view the rooms, and see details by clicking on the images of the rooms when you follow the link.

If you would like to explore the campus images can be found following the link;
