

## BOOKING ACCOMODATION AT HINXTON HALL

*Owing to the postponements of the conference due to COVID19, those delegates that have already booked rooms will have the booking fee returned, with instructions for making a new booking for the period 17-20<sup>th</sup> July 2022. We will update this page closer to the Conference Dates.*

We recommend delegates to book accommodation at the conference centre itself, which is set in beautiful parklands surroundings. Hinxton Hall offers high class accommodation and free car parking and it is within short walking distance from the conference hall.

We have arranged that rooms are made available for delegates to book directly with the Conference centre and booking information follows.

We have rooms available for booking at a competitive price on a bed and breakfast basis. As the Conference Centre and its accommodation are currently closed you are not able to make a booking, but we will update this page when booking can recommence.

To make a booking you will open a link, and enter the promotional code where shown. The code will apply to the period from the night of 17 to 20 July, but if you will want to stay longer that will be possible by contacting the conference reception direct on +44 (0)1223 495000.

Various room types are available and you can view the rooms, and see details by clicking on the images of the rooms when you follow the link.

If you would like to explore the campus images can be found following the link;
